# PROGRAMS & CURRICULUM

Little Friends is a preschool committed to partnering with parents and guardians to help develop curiosity, flexibility, and exploration in every child. We are strong believers in learning through play. We encourage collaboration in our community with one another as we cherish and help with development during this important time in the life of you and your child.

We also have a Music and Arts Integrated Program (MAP). Your child will have the opportunity to explore learning through several areas of discovery.

Studies have shown that music and art help children develop their motor skills, improve their language skills, strengthens critical thinking and problem-solving, cultural awareness, as well as improving their academic performance.

With this new program in place, teachers will have the resources they need to help fit the whole child in every aspect of learning.
